Foreword

The past two years have been bountiful ones. They have joined two towns and the people within those towns through a school - Ponaganset High School.

These years hold tender memories of new friendships, new experience, and new triumphs. If, in later years, as you thumb through these pages, those tender memories are pulled from the past and enlighten your heart a little, then we of the yearbook staff will have accomplished our objective.

Mr. Robert A. Plante

Class advisor, yearbook advisor, teacher, and friend - we the graduating class of 1962 dedicate our first yearbook to you. By your friendship and genuine interest you have molded us, the students of many different high schools, into one cohesive class. Your endless hours of work in our behalf and your indispensable guidance will be remembered by each of us for years to come.

*at
Best of luck and
wishes in all
your future
endeavors.
Bob Plante*

Our Faculty

We, the senior class, wish to express our gratitude to our principal, Mr. E. Burnell Overlock, who has devoted much of his time and energy in our behalf, both during and after school hours.

We also express our deep appreciation for the patience and sincere understanding of the faculty members who have helped instill in us a sense of responsibility and have given their best efforts to prepare us for our future endeavors.

A WORD OF THANKS

We, the yearbook staff of 1962, wish to thank the members of the senior class for electing us and supporting us throughout the year. We also wish to thank the faculty, the entire student body, and the communities for their help as buyers, sponsors, boosters, and advertisers. We realize that without their help this, our first yearbook, would not have been possible.

ALDEN C. SAUNDERS

SUPERINTENDENT

TO THE CLASS OF 1962:

Pioneering is a spirit which has always been admired and respected in our great country. In a very real sense you are modern day pioneers. You are the first class to have had the opportunity of completing your high school education under local direction. All of your predecessors, from the founding of the Towns of Foster and Glocester, were sent to schools in other Towns as tuition students. You are our pioneer class, and Ponaganset High School is the pioneer regional high school in our state. You have had the opportunity of establishing traditions and building customs which will affect not only Ponaganset High School but your home communities for years to come.

As pioneers I salute each of you, and extend to you my heartiest congratulations. Pioneering has never been easy. As the years pass we will look at the records you will establish and the reputations you will create. May we always find that your activities will continue to merit the admiration and respect of your associates.

May your lives be a vindication of the judgment of all persons who have faith in modern teenagers, and justification for all the efforts of those who have helped in any way to make the dream of Ponaganset High School become a reality.

Best of Luck
Pat
E. B. Overlock
6/14/62

E. BURNELL OVERLOCK
PRINCIPAL

Dear Members of the Class of 1962:

Some time ago I came across a short article in one of our local papers concerning these two small words: Looking ahead! This article stressed the fact that the gift of vision is one of the greatest that we possess and that all men and women who have been useful to the world have had it.

All of you have unquestionably been looking ahead to graduation when you will receive your diplomas for having successfully completed the high school requirements. Some of you are looking forward to a nursing career; some of you have made plans for college; others will take their places in the community. Whatever your plans are, you have given them considerable thought. The road builder, the inventor, the scientist, the teacher, the mother are but a few who are always anticipating things. Think what the world of business would be if people didn't have imagination and didn't look ahead.

In making your plans for the future, consult those who have the knowledge and information to help you. Never let pride prevent you from seeking assistance when needed. Having obtained this information, work hard to reach your goal. Remember, the world owes you nothing but your community will be better because of the contributions you make.

May the knowledge and guidance you have gained here at Ponaganset serve you well in the future.

Senior Class Officers

The senior class wishes to commend the class officers of the past two years for their excellent leadership and devotion. It is the obligation of the school not only to educate students but to develop potential leadership abilities.

Our officers have demonstrated the school's success in this field and have justified the faith we showed in electing them.

The Band

"OTSHI TSHERNIA"

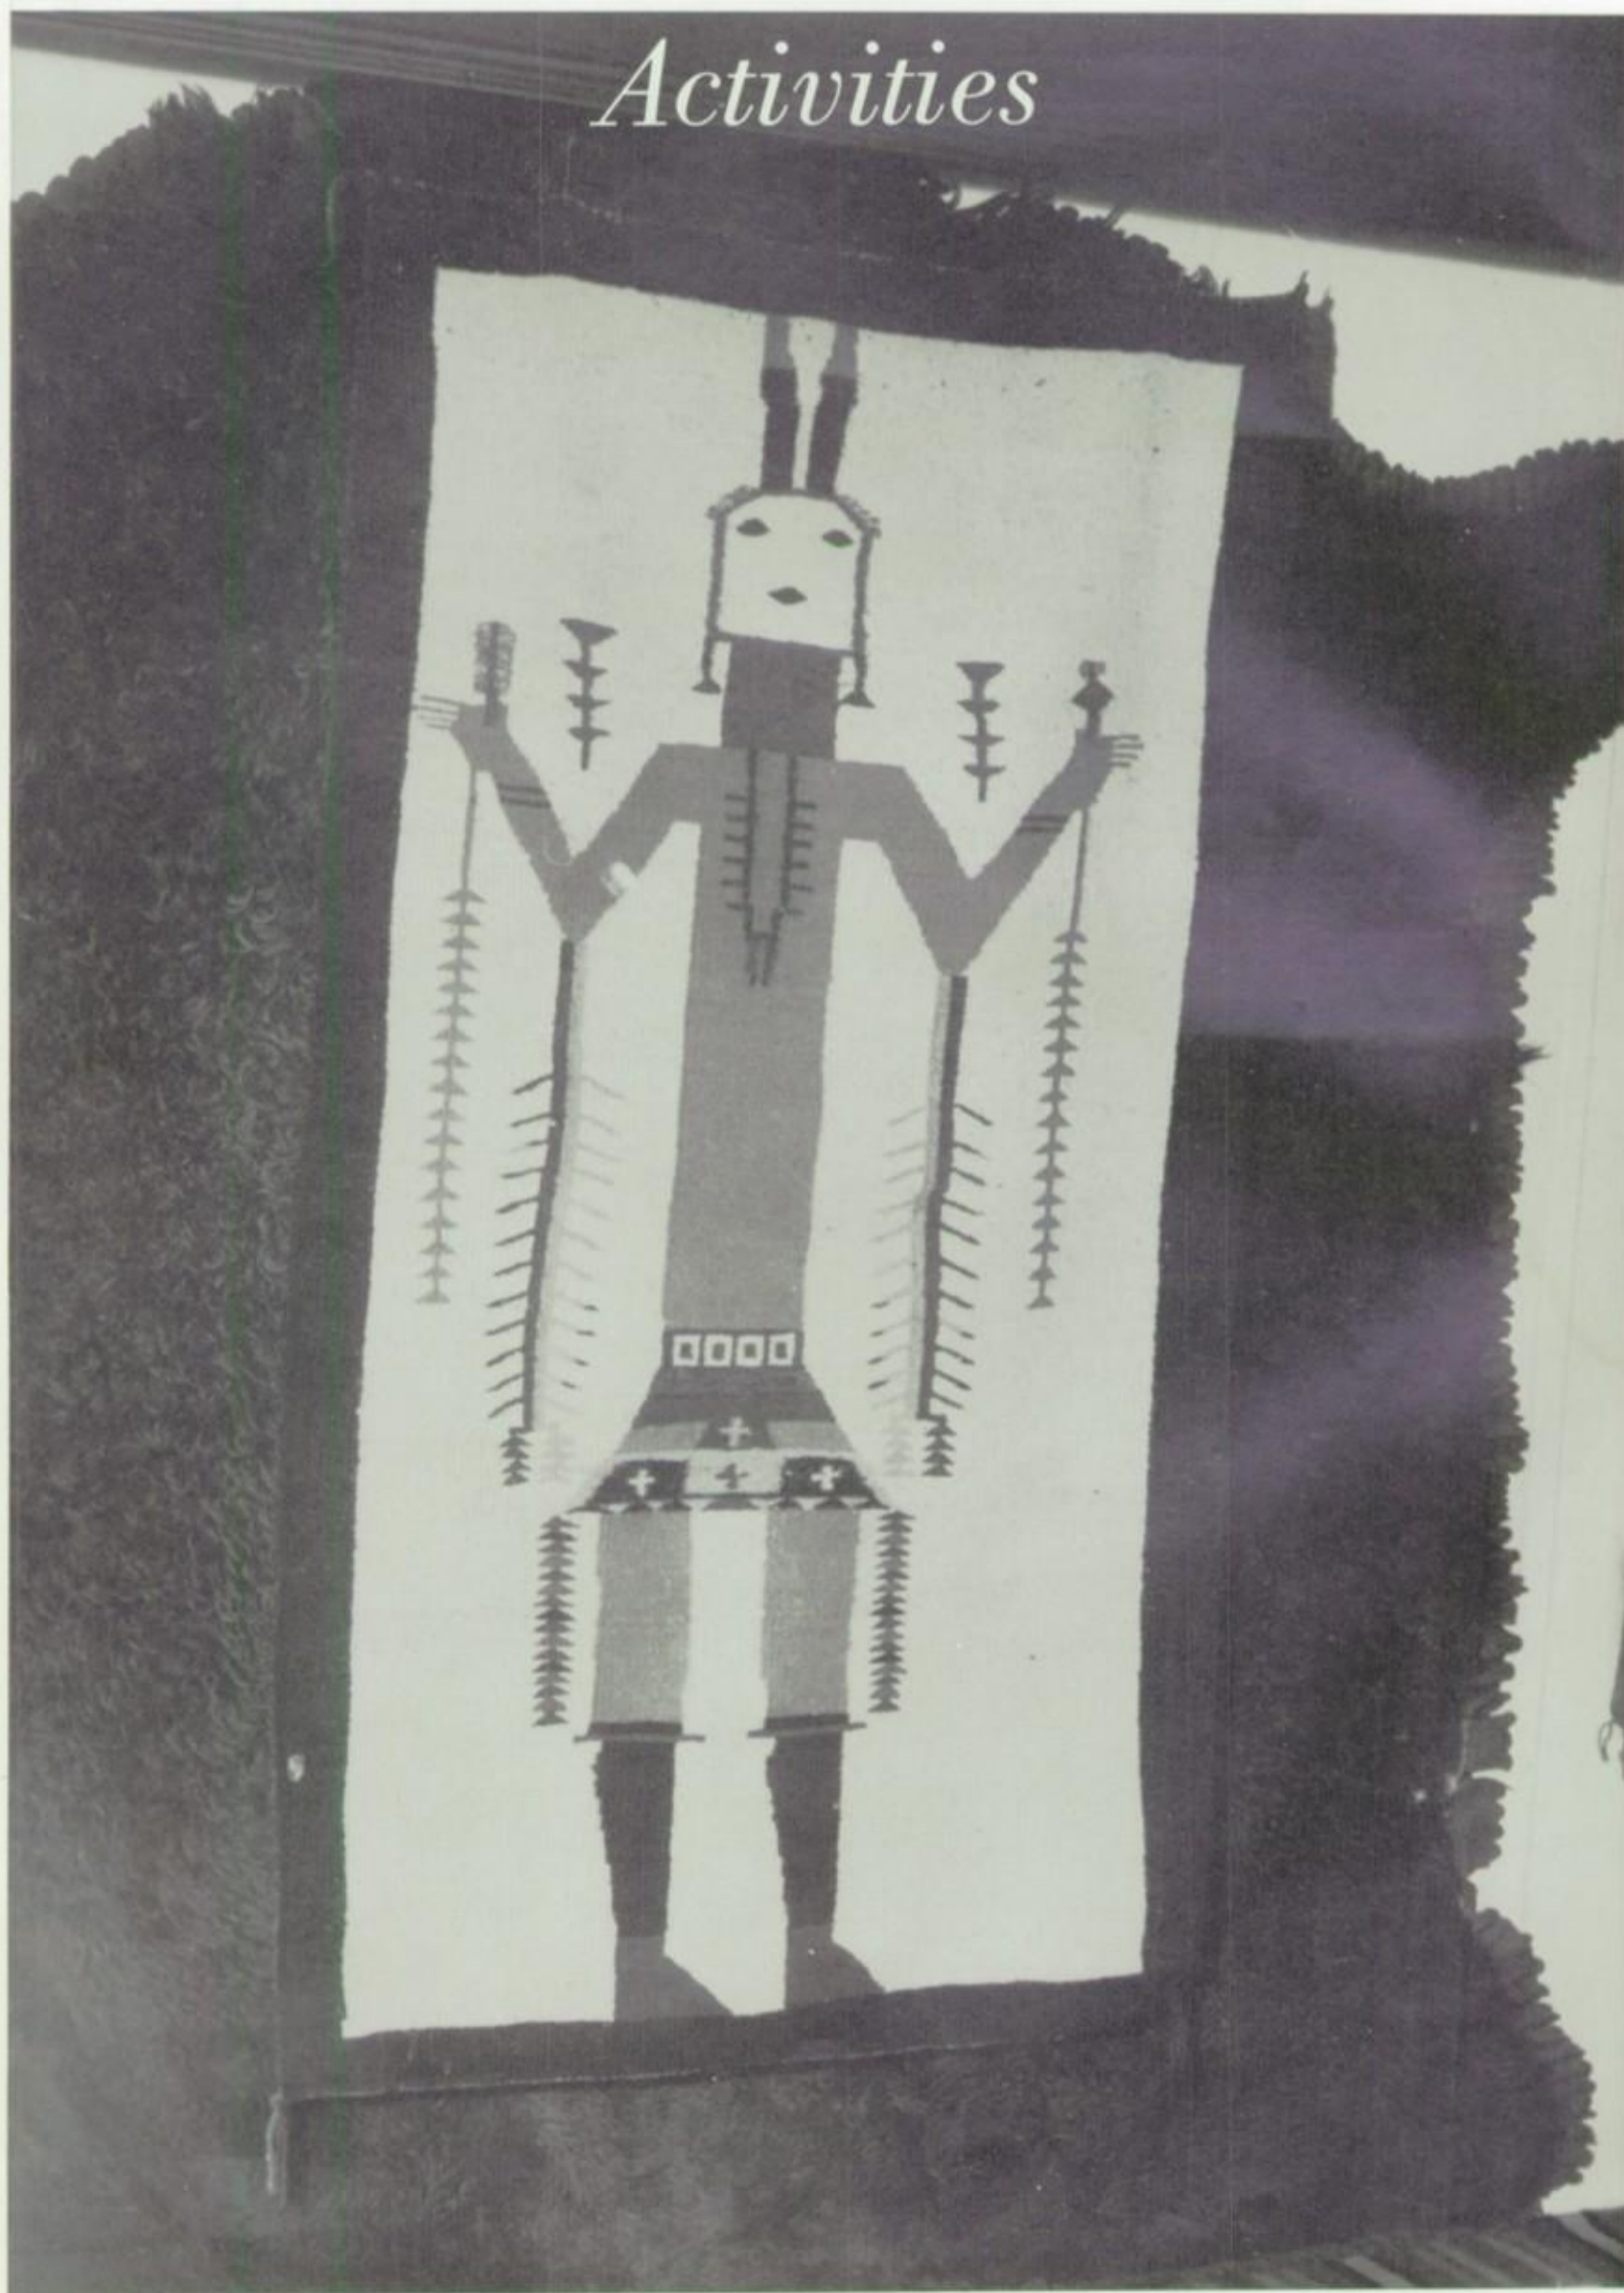

"Pansy"

Our thanks go to Mr. Pandolfi and our band for their outstanding achievements in the past two years. Mr. Pandolfi assumed the position of band director at Ponaganset when the school opened in September, 1960. Through the combined efforts of band and director, great results have been obtained.

Mr. Pandolfi's patience and able direction, and the band's willingness to practice before and after school, are a good indication of the great strides that will be taken in the next few years. Despite the handicap of their inexperience, Mr. Pandolfi has given his students a great appreciation for the fine art of music.

We Salute You!

Congratulations and the best of luck! We at Loring are proud of the part we have had in helping to make your classbook a permanent reminder of your school years, recording with photographs one of the happiest and most exciting times of your life! We hope that, just as you have chosen us as your class photographer, you will continue to think of Loring Studios when you want photographs to help you remember other momentous days to come! When you choose Loring portraits, you are sure of the finest craftsmanship at the most moderate prices!
